"A coffee table filled with magazines, an armchair topped with a goldfish, racks filled with jackets, a few paintings by diverted masters: the world of Maurice Renoma resembles a large surrealist collage where heterogeneous eras and landscapes meet."

Thus begins the portrait of Maurice Renoma by Manon Renault (Les Inrocks) for the **Maldito** project, the result of the collaboration between two artists, the Brazilian **Francisco Terra** and the French **Nicolas Courgeon**, which will be presented at the **Paris Ass Book Fair from 3 to June 5, 2022 at Lafayette Anticipations**.

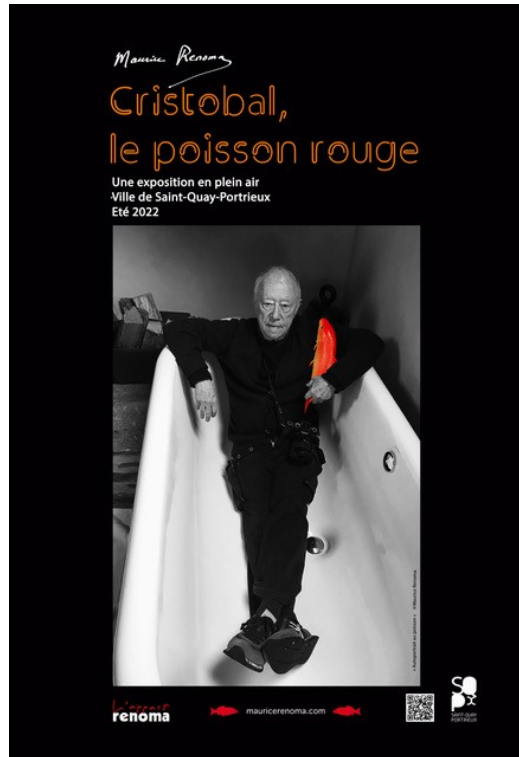

Discover the full interview [here](#) and the [Maldito](#) project at the Paris Ass Book Fair!

From June 3 to 5, 2022 at Lafayette Anticipations (9 rue du Plâtre, 75004 Paris).

Free admission.

**[ART] Cristobal the goldfish
at Saint-Quay-Portrieux for summer 2022**

This summer 2022, Cristobal the goldfish, faithful companion of Maurice Renoma, crisscrosses the coast of Brittany and invades **Saint-Quay-Portrieux's seafront!**

The whole city comes alive around this astonishing and endearing plastic character: he swims through spectacular, comical and poetic stagings, pointing his fin at ecological but also societal issues.

See you on **Tuesday June 21, 2022 at 5.30 p.m. for the inauguration** of the open-air exhibition at the **Quai de la République**: this will be the starting point for a walk with the artist Maurice Renoma in the footsteps of Cristobal the goldfish's wanderings.
