[APPART] The Appart Renoma gets ready for 2023!

After having hosted an exceptional exhibition of Art Brut artworks from the Bruno Decharme collection, the Appart Renoma has had a makeover and is transformed until the end of February into an inspirational workshop: artists will be invited to discuss with Maurice Renoma and discover his universe, in order to create a artwork inspired by this environment.

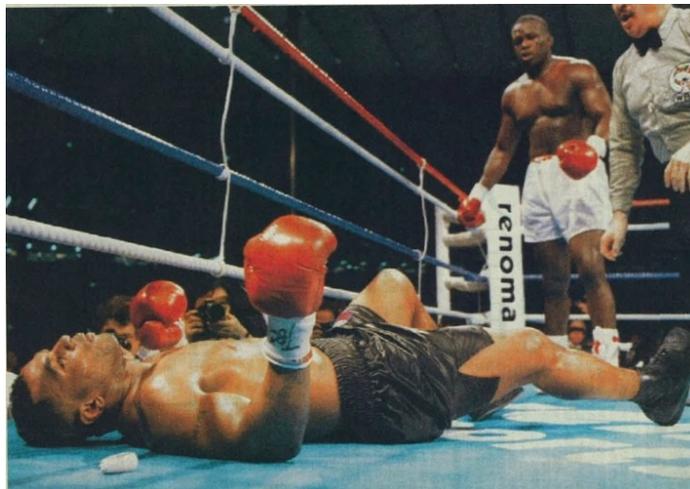

The spaces of this Haussmannian apartment at 129bis Rue de la Pompe (Paris 16th), installed above the historic boutique, will thus be inhabited by iconic photographs of Maurice Renoma, his personal objects, documentation of archives, and by a few pieces from his « concept-collections » designed solo or in collaboration with other artists.

[ARCHIVE] Let's talk about boxing

In 1990, Mike Tyson reigns as undisputed champion. Unexpected event, he will receive his first defeat on the mat by Buster Douglas, during a world championship fight that will mark the history of sport and an entire generation. It was February 11, 1990 at the Tokyo Dome, and Renoma was there.

A great lover of this sport, Maurice Renoma sponsored the fight without much competition. Mike Tyson, being known to knock out his opponents very quickly, his fights could indeed be shunned down by advertisers.
