The Minotaur, trapped in his famous Labyrinth, is a symbol that evokes the part of animality that hides in the maze of every human mind. OPENEYES magazine, today's look at photography, has decided to make this the theme of its first photographic exhibition. Two simultaneous exhibitions will be held during the Rencontres d'Arles.

Works by Michel STEFANINI, Mitar TERZIC, Morgan MIROCOLO, Maurice RENOMA, Joël BARDEAU, Rodia BAYGINOT and Philippe ORDIONI.
